TOWN OF WHITEFIELD

36 Townhouse Road
Whitefield, ME 04353
(207)549-5175

5. Description what you are building:

6. Sewage Disposal:

Is there an existing Septic System on the property? Yes ___ No ___

If no, attach an HHE 200 form prepared by a licensed site evaluator for a new system for the intended use.

If yes, Tank Size _____ gallons. Field size: _____ square feet. Year installed _____

If any of these are unknown, attach a septic system inspection report for the existing system.

If you are adding additional bedrooms to the structure, a revised septic system plan covering the expanded use must be included.

7. Water Supply:

Number of wells on the property? _____

Are they drilled or dug? _____

Will new wells be constructed? Yes ___ No ___

8. Plumbing:

All new residential construction requires a plumbing permit issued by the local plumbing inspector prior to construction.

If this is an expansion and included new plumbing or modifications to existing plumbing, a permit is required from the local plumbing inspector.

9. Site Sketch:

Prepare a sketch of your proposal on the attached graph paper showing the location and relationship of all existing and proposed structures including distance between them and from each to the road and other property lines. While the sketch does not have to be to scale, it should show all man-made features already existing on the site or proposed and their relationship to each other.

10. Signature:

I certify that all information in and attached to this Notice to Build is accurate and complete.

I understand that NO work can commence until this form has been approved either by the Code Enforcement Officer or the Town of Whitefield’s Planning Board.

Signature: _____

Date: _____

Printed Name: _____
