CITY OF AUGUSTA
BUREAU OF SOLID WASTE

Revised 9-1-2024

Notice to Residents and Small Businesses in the Hatch Hill service region

Hatch Hill recycles the following items:

- Lamps containing mercury, such as fluorescent bulbs, HID, etc.
- Cathode ray tubes from computer monitors, TV's and other display devices.
- Rechargeable batteries – Nickel-cadmium, Metal hydride, Lithium and small lead acid.
- Thermostats and thermometers containing mercury (**mercury is gray in color, thermometers with red liquid can go in regular trash**).
- Intact PCB light ballasts.
- Propane Tanks have to be separated from the waste stream and recycled.
- Fire Extinguishers up to 20 pounds.
- Other items that *may also be recycled*: printers, copiers, fax machines (**CHECK AT SCALEHOUSE**).

Note: Broken items need to be wrapped in plastic and sealed shut prior to being brought to Hatch Hill.

Highlights of the program follow:

- Recycling of all mercury items, cathode ray tubes from computer monitors, TV's and other display devices is mandatory.
- Service will be provided to residents and small businesses within the Hatch Hill service region.
- There is a fee to ship and recycle these items, please see the price list on the other side.
- Residents of Augusta and the contracting communities can recycle these items without a Hatch Hill permit or 3-trip pass. The recycling fee will still have to be paid.
- Items will be accepted from 8:00 am to 3:00 p.m., Tuesday to Saturday.
- Limit six (6) Electronic items and one fluorescent bulb box at one time from a customer. *Larger quantities may be accepted on a case-by-case basis – Please call ahead first.*

If you have any questions or concerns please call 626-2435 or 626-2440.
