Whitefield, ME 04353-0058

To the Select Board and Citizens of the Town of Whitefield,

Thank you for your donation in the amount of \$2,000 made on July 30, 2025, in support of Midcoast Conservancy's programming focused on land, water, and community!

You are supporting reconnecting rivers, restoring clean water, protecting land for biodiversity and wildlife, and nurturing community stewardship. All of this together creates a more resilient landscape in our community.

Thanks to support like yours, we have more than 95 miles of trails open to public access, offer more than 45 community programs a year, and partner with local 4th-grade elementary schools so students can learn through place-based education in the natural world.

With gratitude,

Stephanie Hanner  
Co-Executive Director of Engagement

Kristin Pennock  
Co-Executive Director of Operations
