credit card will incur an additional fee of 2.5%.

Office Use Only	
<input type="checkbox"/>	Paid
<input type="checkbox"/>	Made
<input type="checkbox"/>	Delivered

## Help First Responders Save Lives By Making it Easier to Find Your House!

Time is of the essence during an emergency, but emergency personnel often have to waste precious time looking for street addresses. The numbers on your existing mailbox (if you have a mailbox) may be:

- Small
- Non-reflective
- Have low contrast with the background
- Face only one direction (help may arrive from either direction)
- Face into the road, rather than up and down it

Our E911 street address signs are:

- Large - the panel is 6" x 18" and the numbers are 4" tall
- Highly reflective
- High contrast - white numbers on a blue background
- Designed to be mounted so that the numbers face both directions along the road

They are also durable (the backing panel is coated aluminum), feature pre-drilled mounting holes, and are custom made to mount either horizontally or vertically. You will be notified when your completed sign is available for pick-up at the town office. For maximum benefit, the signs should be mounted on the same side of the road as your driveway, which is not always the same side as your mailbox.

The purchase price of \$15 is a small amount to spend to make it easier for help to find you or your loved ones during a fire or medical emergency!
